ATEIKU CHRISTIAN MINISTRIES IN GHANA

BACKGROUND

ATEIKU CHRISTIAN MINISTRIES

Lawrence Oduro leads a church planting mission called Ateiku Christian Ministries in Ghana. The ministry has successfully planted an **8-10 churches per year** for more than two decades.

ATEIKU
CHRISTIAN MINISTRIES

DMMs

In order to demonstrate greater possibilities for Lawrence, North Boulevard invited him to join the disciple making movement vision trip to Sierra Leone in January 2020. Lawrence accompanied 15 North Boulevard members on this journey to learn more about the principles and possibilities of Disciple Making Movements (DMM). After that trip his ministry planted **48 churches the next year, and 96 churches the year after**. In 2022, Lawrence arranged for Younoussa Djao of New Generations Missions to provide DMM training for 75 leaders and church planters.

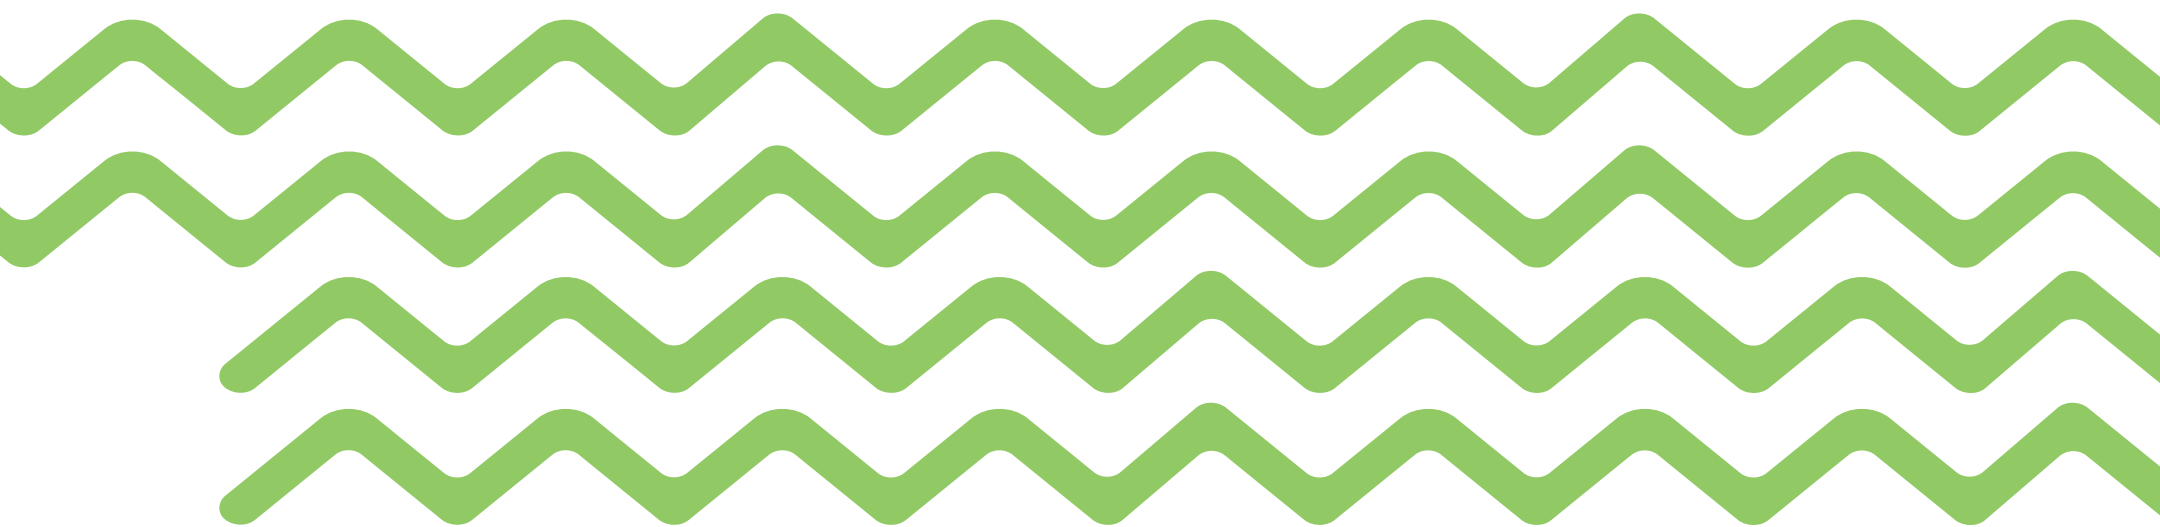

STRATEGY

North Boulevard provides salaries for 6 church planter families to start new churches using DMM principles.

These workers seek to implement reproducible processes and serve as trainers and coaches to unpaid leaders of small house churches. There may be a need for access ministries, which will have to be funded separately. As much as possible, provisions for gathering places will come from local resources.

Ateiku Christian Ministries implements several access ministries related to medical, educational and agricultural needs of the region and expects to utilize these access ministries as a base for planting churches in the future.

IMPACT

STRATEGY

Lawrence has set a goal of planting 50,000 churches within the next decade.

He believes that a team of committed church planters using DMM strategies will see large numbers of churches started in Ghana and other nations in the next few years. With God's blessing each missionary family may be able to plant at least 12-15 churches within a four year period.

FUTURE

North Boulevard is blessed to support this work and prays that it will accelerate the church planting from Ateiku. This funding is a part of the **New Day Vision** which will end in four years. Therefore, any needs beyond four years must be evaluated separately and other funding sources considered.

**Our goal is always
to make disciples
and plant churches.**
